Councilman Ford De-
clares Probe of Purchase
Is Flareback Due to His
Election to Council.

Declaring the probe of the purchase of Perkerson park a political flareback due to his election to city council and denying that any member of city council voted to buy the 420-acre tract on the promise of any reward, Councilman Charles M. Ford, of the tenth ward, in which the parcel is located, Monday night held the spotlight as the star witness in the investigation which a special council committee inaugurated.

Nearly a score of witnesses took the stand in the exhaustive probe. Taking of testimony was completed, but the verdict of the probing body will not be known until the court stenographer completes transcription of the record, which will be within the next few days. It was announced by Alderman William B. Hartsfield, of the third ward and chairman of the committee.

Witness Arrested.
The feature of the hearing was the arrest of Sam P. Cronheim, real estate agent who handled the deal, for failure to answer questions of the committee regarding disposals of the commission money.

Mr. Cronheim contended that it was a personal matter, and was adamant in his decision to "protect my clients' confidence." Mr. Hartsfield appealed to City Attorney James L. Mayson for a definition of the powers of the committee.

"The committee can place the witness under arrest for the remainder of the session, but I will hold him longer," Mr. Mayson ruled.

This was done, and Mr. Cronheim was ordered to remain in the city council chamber where the hearing took place.

Bribe Report Denied.
Every one of the witnesses testified that no member of city council participated in so far as he knew, in the \$200,000 commission paid for the \$220,000 deal, the largest real estate transaction in which the city of Atlanta has ever been involved.

Former Alderman Charles M. Ford, of the tenth ward, declared that he received approximately \$5,000 in commissions but that this was after he had retired from city council and before his election, July 16, to fill the unexpired term of Councilman T. Frank Callaway, resigning.

He scored the resolution calling for the probe on the grounds that Alderman G. Everett Millican, author, had been connected in rumors with having received a part of the commissions.

"It was purely cheap, petty politics on the part of a man who was defeated," Mr. Ford charged. "The author of the paper calling for the probe threatened to introduce it in the event that I was elected to council over his opposition. He sat in this body from January until July without ever hearing his name linked with the purchase of the tract before, but within 30 minutes after my election, he was suddenly connected with it and demanded a probe."

Ford Elected To Council.
At the meeting at which the paper was offered calling for the inquiry, Mr. Ford was elected to fill the vacancy left by retirement of Mr. Callaway over J. R. Curtis, who was sponsored by Alderman Millican.

Admits Not Speaking.
Mr. Millican admitted, under cross-examination by Paul Etheridge, attorney, that he had not spoken to Mr. Ford in six months.

When asked if he and Mr. Ford ever had any differences, he replied "I hope so."

While testimony at the hearing failed to reveal that any member of

Candidate for Senate Says
Plot To Violate Federal

State.

Knoxville, Tenn., July 30.—(AP)—Judge John R. Neal, of Knoxville, candidate for the democratic nomination for United States senator from Tennessee today called on Attorney General John G. Sargent to use the agencies of the federal government to prevent conspiracy in Shelby county Thursday, date of the primary.

In a telegram to the United States attorney general he asserts that the district attorney from the western district of Tennessee has failed or refused to take cognizance of the alleged conspiracy which involves the voting of thousands of negroes, by the republican organization of Shelby in the democratic primary.

"More than two weeks ago, by letter," the telegram says, "I called the attention of the United States district attorney of the western district to an open and widespread conspiracy in Memphis to violate the federal election law. Later I wired the district attorney to the same effect."

"The district attorney has failed to respond to either my letter or telegram."

"I am convinced that this failure is due to the fact that the republican organization is a part of said conspiracy, as evidenced by the fact that a notorious negro leader, head of the republican organization, is working in conjunction with the vicious crump machine to secure the illegal participation of thousands of negro voters in the democratic primary. I am in which I refer the wishes of the vast majority of the citizens of Tennessee when I appeal to you to direct the agencies of the federal government to prevent such a conspiracy and to direct the punishment of the guilty parties whomsoever they may be."

The republican nominee, Herbert Hoover, holds the traditional republican view as to the negro and proved this recently when he revoked an order in his department of commerce which required negro and white employees to work in separate quarters, a move which Mr. Hoover's new order.

With hearing of a petition for an injunction to prevent the Ben J. Davis faction from naming presidential electors scheduled for 10 o'clock this morning before Judge E. E. Pomeroy in Fulton superior court, the battle in the republican state central committee for control broke out in a fresh place Monday. Roscoe Pickett, of Jasper, who claims that he still is chairman of the committee in spite of Davis' contention that he was ousted at a meeting a week ago, has called a meeting of the committee in Macon on August 11 to name electors.

In the call for the meeting at the Bibb county courthouse, Pickett announced the purpose of the session as follows: To provide for the selection of republican presidential electors to be voted for in this state at the November election, to elect an executive committee and to transact such other business as may properly come before it. Pickett made no reference

TEXAS GUINAN MUST FACE CHARGE

BY SAM LOVE.
New York, July 30.—(United News.)—A shocked and outraged Broadway was trying to apprehend the stunning news tonight that three of its most popular favorites faced a fight to escape two years in federal prisons on bootlegging charges.

Texas Guinan, undisputed queen of local night life; Helen Morgan, star of the Ziegfeld production, "Showboat"; and Nils T. Granlund, an announcer known to thousands of radio fans as "N. T. G." were all named by a federal grand jury in indictments charging them with violating the prohibition law and maintaining nuisances.

Other similar indictments to the number of 105 were returned by the grand jury as a result of the surprise raids on night clubs directed by

Douglas Oliver Kills First Lion in Africa

SEVEN KINGS OF BEASTS INVADE CAMP

With one lion already to his credit, Douglas Oliver, Jr., Atlanta Boy Scout, who is accompanying Mr. and Mrs. Martin Johnson on an exploration trip of sections of Africa, has established himself as a real big-time game hunter, according to the Associated Press dispatches.

Letters from Mr. Johnson to George Palmer Putnam, of New York, describing young Oliver's activities along with those of two other American Boy Scouts who accompanied him, were made public Monday.

"The plains are literally swarming with game," the explorer wrote in one letter. "Our scouts already have seen 104 lions and each boy has shot one particularly fine lion."

"The scouts had a fine adventure," another letter reads. "Seven lions surrounded the camp, one actually entered the front seat of the automobile parked nearby and another charged up the rear tire. A third lion contrived to get at a camera, which was reduced to pulp. It was a thrilling night but I'll be well."

In addition to Young Oliver, the scouts, who are all 15 years of age, are Richard Douglas, of Greensboro, N. C., and Douglas Martin, of Austin, Minnesota.

Oliver won the right to accompany the Martin Johnsons on their African trip in a contest in which all the Boy Scouts of the United States participated. In honor of his success a great parade was staged by the Boy Scouts of Atlanta on the eve of his departure for New York to start his journey to Africa.

A letter describing his voyage to France, on the first leg of his trip to Africa, was received by The Constitution and published last Sunday.

**FARMERS FAVOR

Protective Measure Is
Needed, Head of Federation
Tells Alabama Agrarian Congress.

Montgomery, Ala., July 30.—(AP)—Farmers are entitled to a measure in law that will do for agriculture what the protective tariff has done for industry, Sam H. Thompson, of Chicago, president of the American Farm Bureau Federation, declared here today at the annual meeting of the Alabama Farm Bureau Federation.

Thompson, in an interview after the meeting, said he was satisfied with the farm relief plank incorporated in the democratic platform adopted at Houston.

Satisfied With Plank
"We are seeking governmental legislation that would put agriculture on an equal economic basis with other industries," Mr. Thompson said. "The government would not only be required to give such necessary assistance to agriculture as to protect its markets, but also to handle the farm surplus over the entire marketing unit of the community."

"The democratic plank seems to cover these principles. The republican plank in general says what it did in 1924."

Continuing, Mr. Thompson said: "The tariff has protected industry's bargaining power, labor and transportation have been their protective legislation, and it is reflected in increased prices to the farmer."

"But what of the farmer? He will always have a surplus, yet he should not suffer a depression because of it."

Not Political Organization.
"We have fought hard for a measure in law that will do for agriculture what the protective tariff has done for industry, and twice it has been defeated by congress."

Again this year as usual we presented our desires to both political parties as they sat in convention. The matter is in politics, for this is not a political organization. We shall continue to fight for those principles that will deal out economic equality for agriculture and I believe we will get what we are fighting for before long."

PRISON PAY ROLL**

Melon, France, July 30.—(AP)—Barefooted burglars last night carried away from the government penitentiary a safe containing the July pay roll of \$4,500. While armed guards were supposedly patrolling the walls, they climbed to the top floor, sawed three bars from the windows of the cashier's office, unbolted the safe, lowered it with ropes and carried it away. The opened safe was found 5 miles distant from the prison. Footmarks showed that the burglars worked in their bare feet.

Hampton Bays, N. Y., July 30.—(AP)—Governor Smith let down the bars on political discussions while he is vacationing at the shore long enough to pass the word that, as the democratic presidential nominee, he is not worried about the south.

Although he had told a dozen reporters who accompanied him here that a vacation lid would be kept on politics, he commented briefly on the southern situation for the first time since his nomination, but not until he had been prodded by the newspaper men. They had tried without much success to draw him out of a number of things political, when one of them asked:

"Are you worried about the south?"

"No," Smith responded promptly and with emphasis.

Then, as on yesterday when he dictated a press account of his return from church, the nominee again turned reporter for a moment, drawing:

"When queried by newspaper men whether or not he was worried about the situation in the south the governor's prompt answer was 'no.'"

That was as far as he would go. Efforts were made to have him expand on the southern outlook, and on defections in democratic ranks which some republican leaders are claiming may result in a breaking of the "solid south," but they failed.

To all appearances, unconcerned over any phase of the political situation Governor Smith held his daily press conference under a tree on the front lawn at Canoe Place Inn, his vacation headquarters here. With his family, he had eaten a late breakfast, and had come out into the open to read the morning papers.

Finally he moved over to a group of reporters, sat down in a big chair and remarked:

METTER TOBACCO MARKET IS READY

Metter, Ga., July 30.—(Special).—The Metter tobacco market will be ready for the opening Wednesday morning. Practically all the warehousemen and others connected with the Metter market have arrived and are making ready for the opening.

John N. Gorman, of Greenville, N. C., arrived here yesterday and is aiding other warehousemen here making ready for the opening. Mr. Gorman operated the Gorman warehouse

here last season and played a big part in increasing the market here about 3,000,000 pounds over that of 1926. He is recognized as one of the leading warehousemen of the United States. Mr. Gorman has made several trips here during this year and states that he is well pleased with the outlook for this season.

Metter will have two sets of buyers this season and the full crew will be here by tomorrow noon when all will be ready for the opening which will be the largest in the history of this market.

Metter will be crowded on the opening day. Visitors will be here from every section of the state to view the opening of the Metter market. The market here made quite a reputation when it jumped from about 900,000

pounds in 1926 to about 4,000,000 pounds in 1927.

STATSBORO EXPECTS BIG SALES

Statesboro, Ga., July 30.—(Special).—Statesboro tobacco market will open Wednesday. It is estimated that from 200,000 to 250,000 pounds of tobacco will be sold on the opening day. Tobacco is being stored pending the opening of the market.

Horace B. Deal, living three miles from here, was the first to bring in a lot for the market, his first contribution of 1,100 pounds is said to be as good tobacco as was ever seen. He has more than a hundred others waiting to bring tobacco in Wednesday. Every big company buying in Georgia will have representatives in the local market.

Candidates for major offices of state have completed organization of their campaign headquarters with the exception of Eugene Talmadge, commissioner of agriculture, who has announced that he will not maintain quarters in his race for reelection. The democratic primary is set for September 12.

Quarters for Governor L. G. Hardman had been established at the Henry Grady hotel, Rooms 308-310, almost within stone's throw of the quarters of one of his opponents, E. D. Rivers, at 115-116-117 Piedmont hotel. Alex. Chamlee, a third gubernatorial candidate, will open his headquarters at the Piedmont hotel, August 1, arrangements for the opening having been completed Monday.

George H. Carwell, candidate for secretary of state to succeed him, will direct his campaign from 113 Kimball house. Judge J. J. Flynn, who opposes him, will conduct his race from his center at 108 Piedmont hotel.

G. C. Adams, opponent of Eugene Talmadge, has opened headquarters at the Piedmont also.

An additional program will be presented by the popular radio comedians, Paul and John, known as the "Wedding Fellows." Dr. Carl C. Aven will preside over the meeting.

One of the biggest deliveries of farming machinery on record in the south is now in process of completion by the International Harvester company. Its wide tread, extra high road clearance and other features make it adaptable to almost every farm condition, particularly in this section of the country, according to International Harvester officials.

They assert that one man using a Farmall can farm extensively up to 200 acres, a fact which is winning the Farmall wide popularity in this agricultural section.

The direct consignments from the special train of Farmalls are being made to dealers all over the state.

FLOYD PAID TRIBUTE BY BANK ASSOCIATES

As a mark of their high esteem and affection, officers of the Atlanta & Lowry National Bank and Trust Company of Georgia Monday night staged a surprise party at the home of James S. Floyd, widely and popularly known Atlanta capitalist, who recently resigned as vice president of the two institutions.

The officers and their wives presented Mr. Floyd with a handsome watch in token of their appreciation for Mr. Floyd's long and honorable career as a banker, extending his every wish for a pleasurable and leisurely freedom from official duties.

Mr. Floyd's recent resignation from the vice presidency of the banks which he had held for many years, did not disassociate him entirely from the two institutions. He retained his position on the board of directors and on the executive and finance committees, but retired from active work in order to rest and have time to care for his personal affairs.

The visiting bank officials and their wives were received at the beautiful Floyd home, at 280 The Blvd., by Mr. and Mrs. Floyd and enjoyed a delightful social evening.

ROY GATES LEAVES CHEST TO ENTER NEW AERIAL FIRM

Roy G. Gates, one of the organizers and directors of the Atlanta Commercial Chest, resigned Monday as head of the Chest in order to take up duties as executive in the newly organized Gaper Air company.

Mr. Gates had been an active worker in numerous other civic and welfare enterprises. One of the success of the organization has been due to his personal efforts, it was said by other officials of the Chest.

The company which Mr. Gates will become affiliated is incorporated to maintain aerial transportation throughout the state. Several contracts with state and national organizations are said to be under negotiation already for financing aerial ventures. The company will be interested in passenger, freight transportation as well as airplane construction and aviation exhibitions. Offices of the company will be located in Atlanta.

SOLID TRAINLOAD FARMALL TRACTORS BEING DELIVERED

One of the biggest deliveries of farming machinery on record in the south is now in process of completion by the International Harvester company. Its wide tread, extra high road clearance and other features make it adaptable to almost every farm condition, particularly in this section of the country, according to International Harvester officials.

They assert that one man using a Farmall can farm extensively up to 200 acres, a fact which is winning the Farmall wide popularity in this agricultural section.

The direct consignments from the special train of Farmalls are being made to dealers all over the state.

4TH SEASON CLOSES AT CAMP CIVITANIA

With an enviable record for worthwhile activities, including hikes, nature clubs, dramatics and council fires, the fourth annual camping season of Camp Civitania, the Atlanta Girl Scout camp, closed Monday. Final awarding of letters and other honors was made at the closing council fire of the scouts.

Six girls received the camp insignia and ten were rewarded for maintaining perfect records during their stay at the camp. A total of 280 merit badges have been earned by the girls in many different fields of scouting life. Interest along many other lines was felt at Camp Civitania, which was enlivened during the season by inter-camp council campfires.

The camp will be used during the remainder of the summer for camping trips of individual troops of the Girl Scouts.

VIRGINIA CITIZENS OPPOSE INCREASE IN TOBACCO RATE

Opposing a proposed increase of four cents per 100 pounds on tobacco from southern points to Newport News, Va., a delegation of Newport News officials appeared Monday before the standing rate committee of the Southern Freight association to present their views.

The proposed increase will be discussed and a decision reached at a meeting of the general committee of the freight association during mid-August at Virginia Beach, Va. The railroads, in proposing the higher rate on tobacco, claim that the rate is being levied by the southern states, and that none of the railroads of the south touch Newport News, and that to haul tobacco from the Carolinas and Georgia and other southern states to that city means a haul over two roads instead of one.

All of the southern railroads touch Norfolk, and the tobacco then has to be hauled to Newport News over the Chesapeake & Ohio.

City Attorney Lett, Traffic Manager Higgins of the chamber of commerce, warehouse operators and other Newport News men appeared before S. B. Haines, S. B. Mitchell and E. K. Bryan, of the standing rate committee, Monday to present the claims of Newport News against the proposed increase.

COCA-COLA SALES GAIN; REGULAR DIVIDEND PAID

The regular quarterly dividend of \$1.50 a share was declared by the board of directors Monday on the common stock of Coca-Cola Company. The dividend is payable on September 1, next. Payment will be made on October 1.

Director of the dividend followed the quarterly report of finances, which showed a net increase in earnings of \$89,857.81 over the corresponding period of the previous year. The report for the six months ending June 30 showed earnings of \$5,367,842.88, a net increase of \$274,349.93 over the same period in 1927.

Based upon this highly favorable report, it was expected that the company's net earnings for the year would exceed by a million dollars the profits of the past year. Gross sales during the past quarter amounted to \$9,387,257.71.

MAN WITH SWOLLEN FACE NOW SOUGHT AS ROBBER OF BEES

After a marauder had stolen a bee hive, Fulton police Monday were looking for bear tracks in the rear of the E. H. Lyon home, on Howell Mill road, or for a burglar with a sweet tooth and a swollen visage.

The invader got 60 pounds of fine honey by removing the busy bee hive to a back yard of the home, where the hive was wrecked. The bees still clung to the damaged hive Monday morning, angrily buzzing about an empty stomach.

Fidelity & Deposit Opens Branch Office Here for Two States

The Fidelity and Deposit company, of Baltimore, one of the largest surety underwriting institutions in the United States, has just opened a branch office in Atlanta. This company has been represented in the state of Georgia by the prominent firm of H. and H. Howell, and this firm retains that status, only Macon and Savannah being affiliated with the new branch office. Haas and Howell is one of the oldest general representatives of the Fidelity and Deposit and has built up a strong organization of agents that have attracted a splendid clientele, which situation is not altered by establishment of the new service branch.

Fred L. Nesbitt, who has been southern supervisor for the company for three years, has been appointed manager of the branch, and Ashby C. Taylor, who has been manager of the bonding department of the Atlanta branch office of the Employers Liability company, of Boston, is assistant manager of the new Fidelity and Deposit branch. The territory of the branch includes northern Alabama, all of Florida except Tampa and Jacksonville, and the two cities in Georgia named above. The branch was opened August 1, retaining the offices Mr. Nesbitt has occupied as supervisor at 405 Haas-Howell building.

WARDEN JOHN SNOOK DECLARED INNOVING

Warden John W. Snook, who collapsed at his desk recently while conducting a probe into the attempted escape of Roy Gardner, Joe Urbayns and several other prisoners, is recovering rapidly at his home, it was said Monday. Warden Snook was ill with intestinal influenza and left his bed to take charge of the investigation and the strain proved too much for him. Hope was expressed Monday that he would be able to return to duty within a few days.

EX-GOVERNOR WALKER TO ADDRESS CITIZENS

The weekly luncheon and business meeting of the Atlanta Civic club will be held at the Atlanta Athletic club at 12:30 o'clock today. Ex-Governor Clifford Walker will be the speaker and an entertaining program of music has been arranged by G. C. Green.

Officers of the club said Monday that the daily round table meetings are being held regularly in the Junior league tea room at 12:45.

STONE MOUNTAIN SCHEDULE CHANGE BRINGS PROTESTS

Vigorous opposition to the proposal of the Georgia Power company to operate its Stone Mountain line only as far as Decatur on the way to Atlanta will develop at a hearing in the case set for August 14, according to communications sent to the state public service commission.

The company filed a petition asking for permission to discontinue the operation of the Stone Mountain line all the way from Atlanta to Stone Mountain. The company proposes to operate the line between Decatur and Stone Mountain. Passengers under the proposed system would transfer at Decatur on their way to Atlanta and on their return to Stone Mountain and intermediate points.

Notice has been filed with the commission by several people representing communities on the line that the proposal will be fought when the case is heard. The commission first fixed the hearing for July 24 and a postponement was granted until July 30. The new date, August 14, was fixed Monday.

CELEBRATE OPENING OF SCOUT POOL TODAY

Today will be a gala day in the lives of several hundred Atlanta boys who are spending their summer holidays at the Bert Adams Boy Scout camp. A new concrete swimming pool, the gift of the Atlanta Scout council, is to be presented to the camp, and a big swimming meet and water carnival is to be a feature of the opening exercises.

The pool, which is to be a part of the regular equipment of the camp, is constructed throughout of concrete, and is more than 100 feet long. It built in the open, in the midst of a wooded ravine, which gives it the appearance of a small lake. It is entirely adequate for the camp's needs.

T. W. Moore, president of the Atlanta Scout council, will make the official presentation of the pool to W. A. Dobson, director of the camp, at exercises which will begin at 3:30 o'clock today. Following a brief ceremony, an aquatic meet, under the direction of Joe Woodard, will be held between the different patrols of the camp. All parents and friends of the scouts are invited to be present at the camp to attend the opening exercises.

BOARD TO HEAR LENIENCY PLEAS IN OSBORNE CASE

The state prison commission Wednesday will hold a special session to hear a plea for a commutation of a death sentence filed by attorneys representing the family of a man condemned to be executed Friday at Milledgeville. A similar petition will be heard in behalf of Jim Hugh Moss, negro, who is to be executed for participation in the same crime. Thompson and Moss are under death sentence for killing Coleman Osborne, a merchant of Murray county.

Mrs. Eula Osborne, who was convicted on the same charge and also sentenced to death, is in the Fulton county jail awaiting a sentence. The death sentence imposed on her recently was affirmed by the supreme court in the trial judge will soon rescind her.

MACON GROCERYMAN Cashes Forged Order But Recovers Money

Suspicious of a Macon groceryman resulted in the recovery of his money Saturday night when a man passed a stolen and forged postoffice money order on him, according to a telegram received Monday by Joe P. Johnston, postoffice inspector in charge. The groceryman accepted the \$25 money order in payment for \$4 worth of food, but when the man left the store with the change and without the groceries, asking the storekeeper to keep them until Monday, the shop proprietor became doubtful of the money order and followed the man. The groceryman overtook the shop proprietor, recovered his money and then allowed the man to go, it was said. The money order was one of the 122 bogus stolen from the Ozone, Tenn., postoffice recently.

GOVERNOR AT CAPITOL AFTER CORDELE VISIT

Governor L. G. Hardman returned to his desk in Atlanta Monday after delivering his opening campaign address at Cordele Saturday.

After his arrival a statement was issued at the governor's campaign headquarters in the Henry Grady hotel in which it was declared that the governor was received at Cordele "with open arms." The statement contained a review of the governor's speech, which was printed in full in the newspapers of the state Sunday morning.

LIONS' CLUB TO HEAR CONVENTION REPORTS

Reports from the annual convention of the Lion clubs of America will be the chief business of the Atlanta Lion club in its weekly meeting at the Winwood hotel at 12:30 o'clock today. Paul Doneho, Jacques Parin and Walter Dillon will make brief addresses. An additional music program has been arranged by J. Gordon Moore.

HIGHEST CAMP FIRE HONORS WON BY FOUR

Four girls of the Camp Fire Girls' camp at Toccoa received the highest honor that can be achieved in their organization when they were presented with pins denoting the rank of torchbearer at the camp council fire this past week-end. The girls who received this honor were Sarah Cousins, Mary Zachary, Mary Betts, all of Atlanta, and Mary Green, of Decatur.

They have worked from two to four years each in seeking the honor of torchbearer and, in addition to passing the regular Camp Fire Girl requirements, have taken part in instructing other girls at the camp. They have been selected because of exceptional ability in some form of camp lore, and for consistent good qualities of character and leadership.

RURAL MAIL CARRIERS IN ANNUAL CONVENTION

Athens, Ga., July 30.—(AP).—About 300 delegates, including members of the ladies' auxiliary, had registered when the twenty-fifth annual convention of the Rural Letter Carriers of Georgia was called to order today by B. L. Camp, Whitesburg, presiding.

The principal address of the day was delivered by Congressman Charles H. Brand, who praised the rural carriers for the efficiency of the service they render to 30,000,000 people. The concluding day of the meeting tomorrow will be featured by the election of officers, selection of the 1929 convention city and an address by H. H. Hudson, inspector of Macon.

Samuel H. Sibley Monday and were fined \$100 each. The two cases were transferred from Rome.

Malachi Procter pleaded guilty to selling and possessing whisky and was sentenced to serve 30 days in jail. Procter was arrested in Cobb county, and had been in jail since July 9 awaiting a hearing.

All State Candidates To Speak at Augusta Open Forum August 16

More Than a Score Already Have Accepted Invitations To Appear at Public Meeting.

Augusta, Ga., July 30.—(Special.) An unusual speaking program that is expected to attract one of the largest public gatherings of the year, when candidates for all state offices in Georgia will meet upon the same platform to declare their policies to the public, will be staged at the great open forum in Augusta, August 16.

Of the thirty-four candidates in the race for various positions in the state government, about a score have already accepted invitations which have been forwarded to all candidates and about a dozen still remain to be heard from.

The candidates who have been invited to speak are the following: For governor, L. G. Hardman, E. D. Rivers, Alex. Chambliss; for commissioner of commerce and labor, Hal M. Stanley; for secretary of state, George H. Carwell, D. T. Bowers and J. J.

Flint; for attorney general, George M. Napier; for state treasurer, W. J. Speer; for comptroller general, W. A. Wright and D. M. Bullard; for commissioner of agriculture, Eugene Talmadge and G. C. Adams; for state school superintendent, M. L. Duggan and N. H. Ballard; for commissioner of pensions, John W. Clark and John J. Hunt; for prison commission, R. E. Davidson and Hill C. Taggle; for prison commission, G. A. Johns and A. H. Henslee; for public service commission, J. A. Perry and W. R. McDonald, Felix E. Boswell and James H. Peoples; for public service commission, Perry T. Knight and W. Trox Beniston; for chief justice of the supreme court, Richard B. Russell; for associate justice of the supreme court, Marcus W. Beck and Lawton Nelley; for judge of court of appeals, R. C. Bell; for judge court of appeals, Roscoe Luke and Robert M. Blackburn.

Public Barbecue.
The forum, which will not last long enough to serve as an open platform for public debate, is intended to allow the candidates to become more personally acquainted with the voting public, and to allow the people to meet the leaders of the state government face to face so as to be better prepared to pass judgment on their

qualifications for the offices to be voted upon.
The great open forum will be staged in a vast open amphitheater on the shores of Lake Okechobee in Julian Smith park, a large wooded tract almost within the confines of the city of Augusta. All details for the occasion are in the hands of the junior chamber of commerce of Augusta, a nonpartisan civic body, which is sponsoring the meeting. In addition to the speaking program in which candidates for all state offices will take part, a number of other unique features are planned for the entertainment of the numerous visitors that are expected in the city. A public barbecue is being arranged at which approximately 10,000 persons will be fed.

The speaking program will come to a close at 4 o'clock in the afternoon in order to permit candidates and visitors to attend a ball game at the Augusta ball park. At night, following the speaking program, a gala dance will be held in the open-air pavilion overlooking a cliff on the edge of the water.

Permission Is Asked To Use State Roads For "Barrel Rolling"

Permission is sought "to roll a barrel through Georgia" in a unique letter received Monday by Arthur R. Harris, chief clerk in the office of the secretary of state, from Tudor Alex. of Lackawanna, N. Y.

Alex writes that he is planning to roll a barrel from Buffalo, N. Y., to Miami, Fla., and will cover Georgia on his trip. He expects to leave on his unusual journey October 1, from Buffalo. He did not say whether or not the barrel will be empty.

Mr. Harris referred the letter to the state highway department as that department exercises control over highways.

WIDOW OF ENGINEER SUES FOR \$50,000

The death of a railroad engineer was made grounds for a \$50,000 damage suit filed in Decatur city court Monday against the owner of a motor truck which is said to have wrecked a train.

Mrs. Carrie L. McLesky, wife of the engineer, brought the action against G. S. Bunch, operator of a number of filling stations here. Mrs. McLesky charged the truck was improperly operated when it derailed a Seaboard Air Line train several months ago.

A similar suit for \$11,705.20 is pending against the Bunch interests. It was brought in April by the railroad for alleged damages to the train and track.

ROTARY TO OBSERVE 15TH ANNIVERSARY

The fifteenth anniversary of the Atlanta Rotary club will be held Tuesday afternoon at 12:30 o'clock at the Capital City club. Abit Nix, governor of the sixty-ninth Rotary district, in which the Atlanta club is situated, will make the principal address of the occasion. Lou Hicks, of the Atlanta club, will be in charge of the meeting.

WAR BAN CALLED DISARMAMENT AID

London, July 30.—(P)—Expressing the hope that the Kellogg pact by which war would be outlawed as a national policy, will be "a most valuable security to peace," Sir Austen Chamberlain, secretary of state for foreign affairs, today reviewed in the house of commons the progress of disarmament. He also discussed the British policy in Egypt and China.

The secretary said he had hoped to keep the disarmament question entirely separate from the Kellogg pact, although he admitted that this treaty undoubtedly would be a factor which would need to be taken into account.

Near Agreement With France.
Then he announced that the government has had successful conversations with France respecting differences which had arisen between the two governments over naval disarmament. He said that he was about to submit to the other principal naval powers the compromise agreement which had been reached, hoping thereby to remove obstacles to the progress of the disarmament treaty. Until this has been done, he said, he could give no details, but he stated that the compromise was on naval issues which had arisen in the previous disarmament conference.

Sir Austen indicated that the first open discussion of a compromise would probably be by the preparatory disarmament commission.

He then took up the British reservations in the recent note sent to Secretary Kellogg and said that they compared with the Monroe doctrine of the United States. He said that no doctrine of aggression was contained in the British reservations but that they constituted a measure of self-defense necessitated by the geographical conditions of the empire.

Answers Critics.
The British note reserved freedom of action in certain fields of its empire and this is understood to apply especially to Egypt, the Sudan and India.

Mr. Chamberlain defended himself from adverse criticisms respecting the seeming delay in formulation of the British reply. He said this delay had not been unduly long and he hoped it would be his good fortune to go to Paris next month and participate in the signing of the pact.

"This pact," said Mr. Chamberlain, "is a recognition of the horror of war and the fact that war is something which should be only a last resort. How much more the treaty will be, in my opinion, depend not on any engagements taken by the United States government but on how the rest of the world thinks the United States is going to judge the action of an aggressor and whether that government is going to help or hinder him in his aggression."

"If American opinion ranges itself behind its own treaty, then indeed the treaty will be a most formidable deterrent to war and an additional and most valuable security to peace. This is what his majesty's government hopes it will be."

Stocking Around Neck Ends All for Girl Artist

New York, July 30.—(P)—Believing herself a failure in her art studies, Miss Marvyl Eglund, 25, of Glenville, Miss., twisted a silk stocking about her throat, pulled it tight with her right hand and died in the apartment of her friends.

Her suicide followed a night of sleepless brooding after her return Saturday from a girl's camp at Denmark, Me., where she had been employed as an art teacher. She completed a year's study at Barnard college last June.

On her return from Maine she found her chum, Miss Catherine Lewis, had left on a vacation to be gone all summer. She then called on Miss Alice Moody, of Terre Haute, Ind., a summer student at Columbia.

Miss Moody, who shares an apartment with three other girls, asked Miss Eglund to spend the night with her. Miss Eglund told Miss Moody she felt depressed and took hot milk to make her sleep.

At 4 o'clock Sunday morning Miss

Moody saw a light in her guest's room and found Miss Eglund sitting on the edge of her bed, sobbing. Miss Eglund told her friend she had not been able to sleep for several nights and felt herself a failure. After staying with her for an hour Miss Moody left. Miss Eglund was quiet then and apparently ready to go to sleep.

When she did not appear for breakfast her hostesses investigated and found her dead. A physician said she apparently had been dead an hour or more.

She left no note, only two unstamped postcards, one addressed to her parents and one to Miss Lewis, neither of which indicated an intention to commit suicide. In her purse she had a check for \$280 from an advertising agency for whom she had done some illustrations and \$70 in cash and money orders.

Her body was taken to a morgue and held for her parents, Mr. and Mrs. J. J. Eglund, of Glenville.

HOOVER MOTORS 650 MILES TO FISH 3 DAYS

Brown's Camp, Near Hornbrook, Cal., July 30.—(P)—Completing a 650-mile automobile tour from Stanford, Herbert Hoover arrived here shortly after noon today for three days of fishing near the headwaters of the Klamath river.

The republican presidential candidate was a guest of his friend, Milton Esberg, San Francisco banker and business man, at a cabin perched on a low hillside in the gorge through which the Klamath makes its way southwestward.

Before leaving Medford, for the last 60 miles of a run over the Siskiyou mountains, Mr. Hoover spent two hours casting in the Rogue river at the Big Creek lodge, 15 miles from Medford. He had no luck as enterprising photographers, local as well as those who accompanied him from Stanford, pursued him so closely in an effort to get a shot of him land-

REPEATED BLASTS DELAY RESCUES IN WARSAW PLANT

Warsaw, Poland, July 30.—(P)—Forty-four persons were injured last night in an explosion which wrecked a chemical factory in Lodz. Fire broke out and the structure was destroyed.

Rescue work was carried on with great difficulty because of repeated explosions.

The factory, operated by Emil Hadrian, manufactured benzene. All the window panes in neighboring houses over an area of several streets were broken by the explosion.

MATTHEWS TO DIRECT CITY'S GOLF COURSES

Wilson Matthews, connected with the firm of Stiles & Van Klee in development of a number of municipal golf courses throughout the country, will arrive in Atlanta today to take charge of the municipal courses of Atlanta. It was announced Monday afternoon by Councilman John A. White, chairman of the parks committee of city council.

Mr. Matthews was recommended to the local department by John Van Klee, who has designed several of the new golf course developments here. He has supervised construction and maintenance of public and privately-owned courses throughout the United States.

Employment of Mr. Matthews was urged by Municipal Golfers' league.

SMALL MOTORBOAT IS AFTER RECORD ON THE MISSISSIPPI

New Orleans, July 30.—(P)—An attempt to shatter the record made by the Robert E. Lee in the historic race with the Natchez 58 years ago, was scheduled to start at 6 p. m. today when Dr. Louis Leroy, Memphis surgeon and sportsman, plans to leave here in his 26-foot motorboat, Bogie, for St. Louis.

Dr. Leroy, who has made two unsuccessful efforts to better the 90-hour mark set by the Robert E. Lee on the Mississippi river, will be accompanied by Captain A. A. Farris, veteran river pilot and sailor.

The previous attempts failed when driftwood broke the propeller.

Showing a solid trainload of McCormick-Deering Farmall Tractors pulling away from the International Harvester Company Farmall Works at Rock Island, Ill. Every car is loaded with 6 Farmalls, and each Farmall is capable of intensively farming 200 acres. A good many thousands of acres of land in this section will be farmed faster, better, and more economically by the Farmalls brought here in this solid train shipment.

A Solid Trainload of FARMALLS for Georgia!

25 Carloads—150 Farmalls—Now Being Delivered

NO wonder this tractor is popular—the Farmall for the first time gave the farmer a real all-purpose tractor. It is ideal power for all crops, all fields, all jobs, and all the time. There is no off-season for the Farmall.

The Farmall is the ideal tractor for every power machine in its power range whether it runs by drawbar, belt or power take-off. Its wide tread, extra-high row clearance, and other special features of design fit it perfectly for planting and cultivating corn and cotton and other row crops.

One man with a Farmall can intensively farm up to 200 acres. It replaces 6 to 10 horses and 2 to 3 men. It does this in every farm power job whether it is plowing, disking, drilling, planting, cultivating or harvesting. It plows two perfect furrows; it cannot be beat at the belt. Its capacity for doing work

is astonishing—plowing 7 to 9 acres a day, double disking from 18 to 25 acres, drilling up to 45 acres, planting 50 acres, cultivating 30 to 50 acres a day, mowing 50 to 60 acres, and other work in proportion. Not only does the Farmall make horseless farming a reality, but it does so at a big saving.

FARM WITH FARMALLS

The Farmall and its equipment will show you a better, handier, more economical and more profitable way to farm. Ask your local McCormick-Deering dealer to demonstrate the Farmall now, while he still has his share of this trainload and can make quick delivery. Climb on the seat yourself and drive the Farmall; you'll soon know why this tractor is so popular that it is necessary to order a solid trainload to keep abreast of the demand.

The Square-Turn
All-Purpose Tractor

The square-turn Farmall Tractor shown above can be equipped with a Farmall Sweep Rake as shown at the left. Rakes and transports hay to barn, stack, or press in quick time. Wonderfully popular among hay growers.

Above: The Farmall is shown here equipped with the fast-cutting, power-driven, 7-foot Farmall mower. A 7-foot trailer mower can be used also, making it possible to cut two 7-foot swaths at each trip across the field. Or the Farmall mower and a side-delivery rake and tedder can be pulled at one time by the Farmall.

For row crops the Farmall can be equipped with a 2-row or 4-row (shown above) Farmall Cultivator. Can also be used with a 2-row or 4-row planter. Speeds up row-crop planting and cultivation and removes the last possible reason for having work animals on the farm.

French Win Davis Cup By Decisive Margin of 4-1

Tilden Loses As Hennessey Drops Final

Cochet at His Best To Topple Big Bill in Straight Sets.

Auton, France, July 30.—(AP)—With the brilliant little Henri Cochet leading Big Bill Tilden the first straight set beating of his Davis cup career, the famous tennis musketeer of France today retained the trophy by routing the American challenger by a margin of four matches to one.

The defeat was the most decisive suffered by a United States Davis cup team since the clean sweep of the Australians over Maurice McLoughlin and his mates in New Zealand in 1911.

Even the veteran and mainstay, Tilden, could not stand before the fusillade, the French shooting Cochet riddling him by scores of 9-7, 8-6, 6-4 in the most crushing Davis cup reverse Big Bill has known in his nine solid years of play. With Cochet's triumph came the end of American hopes of recapturing the cup this year since it gave France the required three victories out of five, but even then the French did not stop. Rene Lacoste, French home the final blow by polishing off John Hennessey in four sets, 4-6, 6-1, 7-5, 6-3.

Cochet's Great Work.

Just as the challenge round at Germantown a year ago, in which the French won the cup for the first time was a personal triumph for Lacoste most of all, the remarkably successful defensive battle waged by Cochet in these courts for the last four days was largely due to the great work of Cochet. He was in on every victory won by his team, counting for Hennessey and Tilden singlehanded and pairing with Borotra to beat Big Bill and Frank Hunter in the preliminary round.

By the swift and decisive manner in which the former ball boy from Lyons conquered the great Tilden, who proved on Friday that he is by no means through by beating his old rival, Lacoste, in the opening match, Hennessey made an impressive and unofficial title of world's champion, the crown that belonged to Lacoste in 1927.

Despite the fact that Tilden failed to win a set, the match in which he bowed to Cochet was hard fought and packed with tennis drama. The turning point came in the second set when Tilden had a lead of five games to two and was at set point no fewer than seven times but could not put across the needed punch. The tantalizing Cochet again and again took the point right out of the American's hands, meanwhile drawing steadily closer, and finally won the set, 8-6. It was one of the greatest rallies in the career of Cochet who is world famous for his ability to come from behind.

Tilden's Big Chance.

Tilden needed that set badly and had a chance to win as a rest period followed the third set, but he did not wish to have it so. Knowing that if his opponent gained one of the first three sets and had a chance to get his breath in the intermission he might cause trouble, Cochet set out to wind it up as soon as possible.

Strategy as well as speed and deadly accuracy overhead played a big part in Cochet's triumph. He kept Tilden running from court to court, back and forth along the baseline and up and down the court, tiring him out in nerves and body.

Many of the greatest crowd of spectators who watched the thrilling match in the new Roland Garros stadium here left the hotel after the tremendous ovation which greeted Cochet's deciding victory and the Lacoste-Hennessey match drew comparatively little attention. The young middle-western player tackled his task with a will and carried the first set before the inevitable happened and the plumpie Rene, warning to his work, steamrollered him in the next three sets.

Tilden appeared to be quite thoroughly exhausted toward the end of the match, showing the effects of the hard-fought doubles encounter of the previous day. While battling his way upward toward the realm of pugilistic elect, McCoy "hired out" to Tommy Ryan to assist in preparing the latter for several of his bouts, including one of the two thrilling victories over the Syracuse boxer and mysterious Billy Smith used to perennially stage bids, in the ring, the almost cheerful, McCoy took the pastings that came his way.

In any event, "understanding" or no "understanding," there was a surprise in store for every one concerned, as he had the honor of being the first to see a "human guinea pig" in a super-camp period of the most pretty tough brawls "barstoring" in the "kicks," further adding to his store of "experience" to the extent that in time he appeared as a "prelim" finalist in connection with main events between Ryan and Mickey Ryan, including a 25-round bout. There were some angles to the match that have never been ironed out to this day. The affair was to have been "another one of those things," with Ryan getting some easy money and his erstwhile sparring partner considerable of a reputation by staying the route.

The 'Big Six'

BY THE ASSOCIATED PRESS.

With Ty Cobb and Frank Frisch still out of the game, four members of the Big Six accumulated five runs and eight hits among them. Babe Ruth's forty-first home run was the high spot of the day. The Babe also got a double in his four times at bat and lifted his batting average 2 points, to .327.

Of the four, Paul Waner was the only one to raise his average. "Big Poison" went to bat eight times in the course of the Pirates' two victories over the Braves. He made four hits, three of them in the second game, and brought his average up to .372. In the same number of attempts in the Big Six, Rogers Hornsby, leader of the big six, got only two hits, and dropped to .288. Harry Heilmann, getting one hit in three attempts in the Tigers' 2-to-1 victory over the Red Sox, stayed at the .202 mark.

The standing to date:

Wrestlers of U. S. Win in 7 Classes

Amsterdam, Holland, July 30.—(AP)—United States wrestlers in the Olympic catch-as-catch-can preliminaries today defeated opponents in all seven classes and with two exceptions came through to the semi-final which will be staged tomorrow.

Clarence Berryman of Oklahoma A. & M. and Lloyd Appleton of Cornell College, Iowa, defeated their round opponents, but must engage in another preliminary bout tomorrow before advancing into the round before the finals. Berryman is competing in the 145-pound class and Appleton in the 158-pound division.

The only other action approximating American's victories was Switzerland which placed men in six classes and lost out in only one.

Ralph Hammon of the University of Texas, made it a clean sweep for the United States in the preliminary rounds by winning in the 174-pound class from Vanderhert of Belgium, by a decision.

Allie Morrison, 134 1-2 pounds, of the University of Illinois, followed the good example of his mates and gained a fall over Bresnick of Belgium, with a half Nelson.

Lomski Knocks Out Ed Clark in Fourth

New York, July 30.—(AP)—Leo Lomski, ex-champion, Wash. light heavyweight contender, knocked out Eddie Clark, Atlantic City negro, in the fourth round of a 10-round bout at the Dexter park arena tonight. Lomski weighed 171 3-4; Clark 176.

Marco Polo, Pittsburgh heavyweight, defeated Paul Hoffman, of Holland, on points in a close and hard-fought 10-round battle. Polo took the first six rounds but the Hollander rallied to carry off the last two.

Be SPORTLIGHT (Grantland Rice)

THE PUBLIC AND AMATEUR SPORT.

Some wise cynic has observed that the public doesn't give a rap about amateur sport or the ethics of amateurism—all it wants is the heat, and the headlines can commit murder as long as they are permitted to show their wares to palpitating crowds.

This is about true. Here is one example. These dispatches have received numerous letters from time to time, asking how Bill Tilden could be rated an amateur when he gave up eight or nine months out of each year to tennis, had all his expenses paid on each match, and endorsed a certain cigarette, commented on tournament play in a tournament where he was also a competitor. The comment at times was heavy with sarcasm. But when Tilden is finally barred most of the same letter writers get indignant and demand the appearance of the tennis committee before a firing squad.

The public isn't interested in any of the ethics of amateurism. Possibly amateurism doesn't mean anything. If it does, it will get no support from a public that is interested in having its thrill and getting its money's worth—doubled, if possible. For the public is composed almost entirely of human beings—and you can count the number of human beings interested in the ethical side of any question upon the thumbs of either hand.

In the Tilden case the main trouble with the tennis committee was a delayed action. There was a strict ruling about any star amateur endorsing any advertised product. Tilden made a joke of this rule by endorsing a certain product as an actor. Another complaint was that Bobby Jones to do the endorsing as a famous Atlanta attorney. Apparently the whole matter has reached the comic strip stage—the sole trouble being that this and other factors are wrecking amateur sport. What of it? Well, what of anything that ought to be a useful institution? Of art, literature, or anything else?

The All-Round Star.

Dear Mr. Rice: Pardon another letter from an interested reader of your daily column. When, through a correspondent, I learned that your pen-name was mentioned in the public press in connection with a certain person in baseball memory which invited a thrill, although going back more than 40 seasons, I felt it my duty to praise for Anson is of itself testimony to his quality. May I supply a fact or two?

Ferguson, a fine, upstanding fellow, joined the Philadelphia team in 1883, the first year before Harry Wright was in charge, if memory is correct. He came out as a pitcher. Wright used him as a pitcher. Ferguson and Ed Dailey did all the pitching for the team in 1885, and called the schedule called "The Two Pitches." There were three pitchers in 1886, and the same number in 1887, when the team finished with a record of 40-20. Ferguson was a pitcher behind that famous Detroit team which had seven Babe Ruths as regulars, with nine men able to hit .320 or better. Two, Thompson and Beckers, doing better than 40, when Benetti caught and Baldwin pitched.

Ferguson was an outstanding star in a league galaxy which included

Today's Golf Roundup.

"What will help me," asks R. L., "to keep a ball low or to get a ball higher into the air?"

To keep the ball low, play it more off the right foot, with the weight on the left foot. To get the ball high, play it more off the left foot—forward—and keep the weight on the right foot.

But they will at least be helpful factors in accomplishing either purpose.

DOWN THE LINE

WITH W. O. MCGHEE

It is not often that the pugilistic guinea pig, the sparring partner, becomes a tiger, but there have been instances, as I have pointed out some time back. The two notable exceptions were James J. Jeffries, who started his career in pugilism by acting as the original human punching bag for James J. Corbett and subsequently knocked Mr. Corbett out.

The other famous one was Kid McCoy, who turned upon his former employer, Tommy Ryan, and finished him in a super-camp period of the most pretty tough brawls "barstoring" in the "kicks," further adding to his store of "experience" to the extent that in time he appeared as a "prelim" finalist in connection with main events between Ryan and Mickey Ryan, including a 25-round bout. Bill Tilden's World To Know Today Finish Is Near, Says Richards

Says He Is "Fed Up" on Game; Youngsters Should Have Played, Critics Think.

(Special Cable dispatch to The Constitution and North American Newspaper Alliance.)

BY VINCENT RICHARDS.

American Professional Tennis Champion, Former Davis Cup Star.

Paris, July 30.—Henri Cochet gave a brilliant display of tennis today and a lesson in the game to the great Tilden, in his straight set defeat of "Big Bill," 9-7, 8-6, 6-4.

Cochet, who gave a spectacular performance in taking the ball on the rising bounce, was able by his victory to give France possession of the Davis cup for another year. Tilden was never in the running today. The little Lyons flash held the upper hand throughout.

Rene Lacoste, in taking the last match of the challenge round from John Hennessey, 4-6, 6-1, 7-5, 6-3, regained the form he had lost earlier in the cup play. Little depended on this match, however, as the series had already been won by France when Cochet defeated Tilden.

Saw U. S. Downfall.

The critics felt that the United States was through after the doubles loss yesterday, and even if Jack Tilden had defeated Cochet today it was a foregone conclusion that Lacoste would take Hennessey's measure in the final match.

Although Tilden would not admit it, he was very tired before his match with Cochet began. Time and again he would try for a net position and be trapped flat-footed in the middle of the court.

I must say that Bill tried everything he knew, from the chop game to driving into the net from back court, and everything

ALLEGED SLAYERS FACE JUDGE TODAY

Dahlonega, Ga., July 30.—(Special.)—The commitment hearing for the two men charged with the murder of 18-year-old Joe Walden, will be held Tuesday morning before Judge of the Peace Clyde Lovelace.

Both men have emphatically denied all knowledge of the manner in which the boy, who disappeared from the Smith farm, 7 miles south of here, more than a year ago, came to his death. The headless and mutilated body of the boy was washed up by recent heavy rains. The head and parts of the body were discovered by two men last Friday on a portion of the Smith farm lands.

Turner, who was taken in custody at his home at Auraria, near here, Sunday, is known as a preacher, although he has never been ordained. Smith, who was arrested shortly after the discovery of the boy's dismembered body, is a well-to-do farmer and is said to have been intimately related to the lad, who made it home on the Smith farm.

According to testimony at the inquest, Turner and the Walden youth were known to have quarreled and to have engaged in a fist fight, during which the boy knocked Turner down and drove him from the Smith farm. The slain youth was last seen alive when he was walking away from the Smith farm with a fishing pole on his shoulder. The pole and lines were discovered near his body, which had apparently been hurriedly interred in a shallow grave near Mooney's branch.

Smith repeated the story he had told officers following disappearance of Walden last year—that he had last seen Walden "going fishing," and had subsequently received a letter from him postmarked from a South Carolina town.

Interest in the case is widespread, due to the general supposition that Walden was slain as the outgrowth of a moonshiners' feud.

SAVANNAH SELLS FIRST 1928 COTTON; GROWN IN FLORIDA

Savannah, Ga., July 30.—(AP)—The first bale of cotton to reach the local market for the current season arrived today and brought 40 cents a pound from J. S. Dundell, to whom it was sold for the account of Anderson, Clayton and company. It was grown by J. C. Gessen, of Webster, Fla., who for the last five years has raised the first bale of cotton and is the first to be received in Georgia.

The cotton was pronounced of good color and staple and graded middling.

The first bale last year brought 65 cents a pound as against 40 cents per pound for this year's bale.

CONDEMNED MAN TAKEN TO STATE PRISON MONDAY

Macon, Ga., July 30.—(AP)—Clifford Thompson, of Etawah, Tenn., convicted of murder, and sentenced to die Friday in the electric chair, was taken to the state prison farm at Milledgeville today by Sheriff B. H. Willbrooks, of Murray county.

During a brief stop-over here en route to the scene of the execution, the prisoner protested his innocence to newspapermen. With him was the negro, who also is scheduled to die Friday.

Mrs. Thompson, who is held in the Fulton county jail at Atlanta, received a similar sentence and now is awaiting the outcome of an appeal. The three were convicted of the murder of Coleman Osborne, Murray county store-keeper, during a holdup some months ago.

TAYLOR TO COVER CONFERENCE NEWS FOR CONSTITUTION

McRae, Ga., July 30.—Rev. J. O. J. Taylor, pastor of McRae Methodist church, has been appointed to represent The Associated Press and The Atlanta Constitution at the coming session of the South Georgia conference, which will be held in Columbus, on November 7. Mr. Taylor succeeds the late Rev. W. A. Brooks, who for many years was an outstanding correspondent for conference news.

Fair Weather, Cotton Men's Delight, Is Due

Fair weather, with moderate temperatures, is forecast for today by C. F. von Herrmann, United States meteorologist. In fact, the weatherman said, the next few days will bring forth more fine weather, much to the delight of the cotton growers.

Temperatures today are expected to range between 70 and 84 degrees, or practically the same as those of Monday. The fair weather is being brought about by a high pressure area over the Ohio valley. There was no rain in the cotton belt Monday except for a slight bit on the Atlantic coast, Mr. von Herrmann said.

The thermometer will not run above 88 for the next few days, the weatherman said. The monthly summary of weather conditions, which will be released Wednesday, will show that July temperatures were approximately a degree above the normal, and that rainfall, up to Monday, has been 4.14 inches in excess of the normal for the month, and 6.25 inches in excess for the year to date.

MINERS, OPERATORS TO MEET IN CHICAGO

Chicago, July 30.—(AP)—Prospects for an early resumption of coal mining in Illinois appeared brighter than at any time since the fields shut down in April, 1927, that the operators representing both miners and operators were in Chicago for a joint conference over a new wage scale scheduled for tomorrow.

Both the operators and the miners held separate meetings today, preparatory to their meeting together tomorrow.

The miners' delegation satisfied the action of the international policy committee in laying aside the Jacksonville wage scale at its meeting in Indianapolis several days ago. It was the Jacksonville agreement, which was signed in April, 1927, that the operators deemed unsatisfactory, causing the virtual closing down of the coal fields when the miners declined to accept any reduction from that agreement.

Now that the miners are unrestricted by the Jacksonville scale, both they and the operators expressed the belief that the outlook for a new agreement was brighter.

I was reported that the miners will seek a new scale of \$8.50 a day for day and 94 cents a ton for tonnage men, compared with the \$7.50 day rate and \$1.08 tonnage rate under the Jacksonville agreement. However, the operators, it was understood, would propose a \$6 day rate and an 84-cent tonnage rate.

COLOMBIAN 'RED' ORDERED DEPORTED

Bogota, Colombia, July 30.—(AP)—Dispatches from Baranquilla today said Alberto Castrillon, Colombian workmen's delegate to the last Moscow conference, had been ordered deported to Mexico by the departmental governor on instructions from the ministers of state and war.

The action threatens to prolong the bitter congressional debate on the government's proposed anti-communist legislation.

Castrillon, who was jailed immediately after his return from Moscow, is appealing the decision, claiming Colombian citizenship.

The anti-communist measures have passed the senate and are now under debate in the chamber of deputies. The debate has created an interest throughout the country being marked by extreme bitterness and violent attacks by the minority spokesmen against the government. There have been frequent allusions to an attempted dictatorship.

RECOUNT ORDERED TO SETTLE BATTLE FOR FLORIDA POST

St. Petersburg, Fla., July 30.—(AP) A writ of mandamus ordering a recount of ballots in connection with the state senatorial race in Citrus county was issued here today by Judge T. Frank Hobson, of the sixth judicial circuit. Judge Hobson denied the motion of the attorney for the Citrus county canvassing board for a new hearing and notice was filed of intention of the respondents to appeal the case to the supreme court.

The motion for a new hearing was based on the contention that Judge Hobson had erred in permitting the introduction of the ballot boxes and ballots of districts three and five of Citrus county.

The ballots were examined and tallied and while the count was different, it did not materially change the result of the senatorial race in which John E. King won by a narrow margin over George W. Schofield.

FEDERAL JUDGE D. C. WESTHAVER DIES IN CLEVELAND

Cleveland, Ohio, July 30.—(AP)—Federal Judge D. C. Westhaver, 63, one of the outstanding patent jurists of the United States, died at his home here last night after several months' illness from heart disease.

Early this spring Judge Westhaver went to Johns Hopkins hospital, Baltimore, for treatment. Later he resumed his duties on the bench, but suffered a relapse six weeks ago and was forced to take to his bed.

Appointed to the bench by President Wilson in 1917 Judge Westhaver drew attention by his decision rejecting thousands of alleged draft dodgers because of the status of limitations. It was Judge Westhaver who sentenced Eugene V. Debs to federal prison for an alleged seditious speech which the socialist leader made at Canton, Ohio, during the world war. In recent years he had devoted almost his entire time to patent litigation. Funeral services have not been arranged.

COVINGTON TO HEAR HARDMAN AND LUKE

Covington, Ga., July 30.—Governor Hardman, of Atlanta, and Judge Roscoe Luke, of the court of appeals of Georgia, have accepted invitations to come to Covington on homecoming day, Wednesday, August 8.

Judge Luke, who is one of Georgia's most prominent and gifted speakers, will deliver the principal address on this auspicious occasion and Governor Hardman has also expressed his willingness to make an address if the people so desire. Covington is to be congratulated in having two such gifted speakers on the same day.

Every pastor of a white church in Newton county who has been seen has accepted the invitation to speak for five minutes on some subject specially suited to himself, but eliminating everything pertaining to politics, religion and all organizations.

Among the better known and most prominent ministers of the county who will give five-minute talks are Dr. Elam F. Dempsey, presiding elder of the Oxford district; Dr. A. W. Rees, headmaster of Emory university academy, Oxford; Rev. W. T. Irvine, pastor of the First Methodist church of Covington; Rev. Walker Combs, pastor of the First Baptist church, and Dr. R. P. Walker, pastor of the First Presbyterian church.

TELFAR COUNTY FARMERS PREDICT EXCELLENT CROPS

McRae, Ga., July 30.—Alex P. Smith, prominent planter of Telfar county, today stated that the continued hot weather, with a cessation of the heavy rains, had completely changed the outlook for the farmers of Telfar county. Mr. Smith stated that on his own farms he expected to see as good crops as he had seen in ten years, with the exception of the year 1926, when an unusually large crop was produced.

Other prominent farmers have confirmed this statement, and have also stated that the outlook has been increased very much by the splendid conditions of the past few days.

GEORGIAN DROWNS WHILE SWIMMING

Waycross, Ga., July 30.—Mike Highsmith, 24, was drowned in the Satilla river near Hoboken Sunday afternoon, according to information received here. Highsmith was in swimming with a party of friends when the tragedy occurred.

He is survived by his father, Frank Highsmith, of Aro, Ga., near Brunswick, two brothers, Milton Highsmith of Brunswick, and Hoke Highsmith of Hickox, Ga., also two sisters, Mrs. Frank White of Aro and Mrs. Saphronie Saxton of Aro. The remains were recovered from the river Sunday afternoon and funeral services were held Monday afternoon at 4:30 o'clock at the Hickox cemetery.

SAVANNAH DEALERS RAISE PRICE OF GAS

Savannah, Ga., July 30.—(AP)—The larger oil companies here advanced the retail price of gasoline from 19 to 21 cents a gallon here today. Some independent concerns maintained the 19-cent level, while a few others continued to sell at 17 cents.

Women are Learning the Right Way

Pimples on the face and other parts of the body are warnings from within. Sometimes they foretell eczema, boils and other skin disorders that burn like flames of fire.

If you are unfortunate in having skin blemishes, pimples, boils, eczema, you owe it to yourself and friends to remove the cause. Nature will then provide the complexion which is so much desired.

Thousands have been enabled to free themselves of unsightly blemishes and painful skin annoyances by taking a course of S.S.S.

You owe it to yourself to try S.S.S. It helps Nature build up red corpuscles. It improves the processes by which the blood is nourished.

Red blood cells are Nature's way for building and sustaining the body.

Without plenty of rich, red blood, there can be no strong, sturdy, powerful men, or beautiful healthy women.

You know a clear skin comes from within. Correct the cause—through the blood—and pimples, boils, eczema and that a clear skin comes from within.

RIFT IS REVEALED IN DRY FACTION

Spartanburg, S. C., July 30.—(AP)—Rev. C. L. Kerr, pastor of the Associate Reformed Presbyterian church here, said today that he had written the South Carolina delegation to the recent Asheville convention and if as many as ten or twelve of the delegates voice their approval the support of the state delegation to the anti-Smith dry movement would be made nominal.

The declaration came upon inquiry being made here to confirm a report that Dr. E. O. Watson, of Columbia, who called a conference at Columbia last week to consider a plan for a state democratic convention, looking to modification of rule 32 of the party law, had asked the Rev. Mr. Kerr to write Bishop Cannon saying that while "we are in full sympathy with the purpose of the conference yet it might be well for us to sustain nothing more than a nominal relationship. Inasmuch as desirable objectives for South Carolina might be secured by working along different lines."

Rev. Mr. Kerr said he would get into immediate communication with the members of the committee attending the Asheville conference to get their views upon the subject and if the majority are in favor of the suggestion made by Dr. Watson, Bishop Cannon will be advised of the sense of the body.

The Rev. Mr. Kerr said it was in fairness to other members of the state delegation to the Asheville conference that this state is not considered a direct blow at the nominees, he said, but to secure final action on rule 32 and to permit voters who desire to participate in the primary election without being compelled under the party oath to take part in the general election.

German Professors Arrive To Lecture In U. S. Universities

New York, July 30.—(AP)—Two German professors, one a pioneer in aviation law and the other a specialist on relations between insects and disease, arrived today from Bremen to lecture at American universities.

All American and European countries will have flying police in a few years, predicted Professor Otto E. Shreiber, who occupies the chair of commercial and aviation law at Konigsberg university, Germany today, he added, needs aerial patrolmen.

Professor Shreiber, credited with having established the world's first aerial law course, is to lecture at the universities of Virginia and Southern California on "Uniform Aerial Laws."

He hopes to bring about an exchange of aviation law students between the University of Southern California and Konigsberg.

Dr. Erick C. Martin, Hamburg university, will read a paper at Cornell university in August on "Climate and Epidemics From an Entomological Standpoint." He will address the entomological convention at the Institute and lecture before Smithsonian Institution.

Thompson-Schweppe Wedding Is Prominent Event of Today

The most prominent social event scheduled to bring July to a close is the wedding of Miss Kate Thompson and Irving Schweppe, which will be solemnized this morning at 11:30 o'clock in the Wilmer chapel of St. Luke's Episcopal church. The occasion will assemble a fashionable gathering of Atlanta society.

Mr. and Mrs. Charles E. Thompson, the bride-elect's parents, entertained at a buffet supper Monday evening at their home on Fourteenth street following the wedding rehearsal, this affair bringing to a close the whirl of social affairs at which the popular bride-elect and groom-to-be have been honored. The hosts were assisted in receiving by Mrs. I. E. Schweppe, of San Antonio, Texas, the groom-elect's mother, Mrs. William Pendleton, of Washington, D. C., Mrs. George Horkan, of Washington, D. C., and Mrs. Charles Pottinger. The guests included members of the bridal party.

Mrs. Hubert Roper Honors Bridge Club.

Mrs. Hubert Roper entertained the members of her bridge club and a few friends at a bridge-club Monday afternoon at her home in Inman park. Those present were Mrs. Clyde Suber, Mrs. Harvey Lester, Mrs. Cobb Benning, Mrs. George Hiles, Mrs. Henry Weaver, Mrs. Marshall Bradford, Mrs. Roy Almond, Mrs. Henry Longino, Mrs. Pat Moore, Mrs. John Wolf, Mrs. Robert Carter, Mrs. T. A. Lanford, Mrs. John Jordan and Mrs. J. M. Crawford.

Speakers' Club Meets Tuesday.

Miss Margaret Callaway has been appointed to preside at the Tuesday evening meeting of the Speakers' club, which takes place at 8 o'clock in the studios of the Atlanta School of Oratory and Expression, 402 Wesley Memorial Church building. Miss Callaway has arranged a very interesting program, including the special things that will be interesting and instructive to both the ladies and gentlemen who attend. The public is cordially invited.

Bridge-Tea Honors Visitors.

Mrs. Elmo Moore and Mrs. Ray Almond were hostesses at a bridge-club Monday afternoon at the home of Mrs. Moore on the Brown's Mill road, honoring Mrs. Madden, of Baltimore, Md., and Mrs. Robinson, of Orlando, Fla., who are the guests of their sister, Mrs. Walter Harkins, on Berne street.

Those winning prizes at bridge were Mrs. Robinson, Mrs. Shelor and Mrs. Alcott. The honor guests were presented with beautiful flowers.

Misses Payne Honor Visitors.

Misses Daisy and Fannie Mae Payne entertained at a watermelon cutting in honor of Andy Berger and John Turnbull, of New York, who are spending their vacation with friends in Atlanta. Numerous games were played during the evening. The guests included Misses Jonnie Knapp, Alice Croft, Elizabeth Wilson, Jessie Stewart, Sarah and Edna Thompson, Anna Isakson, Anna Daisy, and Fannie Mae Payne, J. V. Roberts, William Brannan, Harry McLaughlin, "Jimbo" Parker, Otis Bice, R. C. Irwin, W. Nettles Ferguson, Ed Prince, Hoyle and Cecil Reinhardt. Mr. and Mrs. Forrest Vandegriff, Mr. and Mrs. Sidney Heil, Mr. and Mrs. Bob Roberts, Mr. and Mrs. Clyde Norton, Mrs. R. S. Boring, Mrs. Edwin Payne, Mrs. Thompson, Mrs. Lewis Payne and others.

SOCIAL ITEMS

WE HAVE PURCHASED the magnificent furniture stock of one of Florida's finest stores. Owing to the very unfortunate business depression there, they closed out to us at a figure quite advantageous—to us—also to our patrons.

We bought this stock at exactly half the prices they paid for it at the factory—a tremendous difference!

Beginning Wednesday, we shall offer this remarkable collection of fine furniture at prices lower than those of the maker to this Florida firm.

This purchase includes Living Room, Dining Room, Bedroom Suites and other furniture of smart usage.

Have you noticed how much thicker Heinz Tomato Ketchup is . . . how slowly this wonderful flavor pours from the bottle?

Here is the reason:

It is thick because it is all tomato . . . all surplus water cooked away . . . just the thick boiled-down essence of vine-ripened tomatoes spiced to the tantalizing point. You'll like it a lot . . . and you'll like a lot of it.

TRY THIS: Pour Heinz Tomato Ketchup over the cheese in a cheese sandwich, fry it toasty brown until the melted cheese and tomato run together.

Farewell Parties To Be Given By Fort McPherson Society

Fort McPherson, July 20.—Attractive visitors and members of the garrison social circle, who leave during the month of August for change of station are giving inspirations for a number of social functions in military circles.

Major and Mrs. Harry J. Keeley entertain Friday at a hop supper at the Officers' club, in honor of Captain and Mrs. Malcolm Fortier, who leave in August for change of station. Major and Mrs. Keeley's guest list includes Major and Mrs. Gustav Franks, Major and Mrs. Ralph C. Holliday, Major and Mrs. Augustus H. Jones, Captain and Mrs. Simon J. Seals, Captain and Mrs. Cyril Chandler, Lieutenant and Mrs. A. M. Parsias, Lieutenant and Mrs. R. A. Parsias, and Lieutenant E. H. McDaniel.

Mrs. Augustus B. Jones entertains Tuesday afternoon at a lovely bridge-tee at her quarters in honor of Mrs. Frank Rhodes, of Chambersburg, Pa., who is the charming guest of her father and mother, Captain and Mrs. Charles Core Gans, at their quarters at the post. Mrs. Jones' guest list includes 16 members of the garrison social circle.

Major and Mrs. Allen M. Burdett entertain Saturday evening at the Piedmont Driving club in special compliment to Colonel and Mrs. George P. Baltzell, who leave the middle of August for their new station at Jacksonville, Fla., and Major and Mrs. John Hutchinson Hester, who leave August 16 via the Panama canal for Fort Lewis, Wash. Covers will be placed for 16.

Major and Mrs. John Hutchinson Hester will be honor guests Friday evening at an informal hop-supper to be given by Captain and Mrs. Albert G. Wing at their quarters in the garrison prior to the hop at the Officers' club. Invited for this occasion will be 30 members of the army set.

The polo game held at the garrison Sunday afternoon held particular interest for the trophy cups won by the Governor's Horse Guards were presented by Major General Richmond P. Davis in the name of the three Atlanta firms who so generously contributed the coveted trophies. General Davis in presenting the cups, made a clever little speech in his characteristic manner. The large loving cup won by the team bore the words "Polo Champions. Summer, 1924." The names of the winning team—Ray Love, P. D. Christian, and Lieutenant E. H. McDaniel.

Mrs. Augustus B. Jones entertains Tuesday afternoon at a lovely bridge-tee at her quarters in honor of Mrs. Frank Rhodes, of Chambersburg, Pa., who is the charming guest of her father and mother, Captain and Mrs. Charles Core Gans, at their quarters at the post. Mrs. Jones' guest list includes 16 members of the garrison social circle.

Graver, while the small cup claimed by the individual players were engraved with the names of each player.

The tea, following the games was a picturesque scene with the yellow and blue pennants, the gay garden flowers in wicker baskets, and the pastel frocks of the more brilliant sports attire of the girls, the players in their team colors, and the officers in their natty uniforms. Mrs. Robert Griffith Turner, Misses Catherine Ripley and Dorothy Tebbels were club hostesses for the occasion, and over 100 guests from both military and fashionable Atlanta society attended the tea. An attractive feature was the music furnished by the band of the Twenty-second infantry, which recently returned from Camp McPherson.

HOLLAND AND SWEDEN SIGN NEW TREATY

Stockholm, July 30.—(United News.)—Holland and Sweden have ratified a mediation treaty between the two countries, it was announced here today.

DIET AND HEALTH
BY LULU HUNT PETERS, M. D.

BANANAS.

You have heard the story of the little boy who was asked by his teacher how to spell a certain word? He spelled it correctly, and the teacher responded automatically: "That's good." The little boy tersely remarked: "Get teacher, that's more good; that's perfect."

X. wants to know if the banana is a good food. I feel like answering her as this little boy did.

Bananas have come into their own in recent years. They used to be in disrepute, especially for children, but that was because they were given in an unripe state and not thoroughly masticated. Thoroughly ripe bananas (when they are thoroughly ripe they have specks of brown on their skin) are not only very delicious, but they contain a carbohydrate or sugar that is one of the most easily digested, and they are a good source of lime and iron.

In a certain intestinal disease—colic—in which children cannot digest the usual starchy foods, it is found that they can digest ripe bananas, and these are given to the exclusion of all other starches. Children (and adults) suffering from other intestinal upsets can also take bananas when they can't take other starches. Infants as young as four or five months can take pureed ripe bananas.

The caloric value of the banana, weight for weight, is higher than other fruits, so it is a splendid gaining food. For example, one banana, weighing 5 1/2 ounces, is 100 C., as compared to one fresh apple weighing 7 1/2 ounces, same number of calories.

For those interested, we have a list of books on dietetics, contained in our article on Balanced Diet. The column rules for obtaining material we offer are to enclose 2 cents in coin and a fully self-addressed stamped envelope for all articles except the reducing and gaining pamphlet, for which 10 cents in coin, in addition to the self-addressed, stamped envelope are necessary.

Water Drinking.

E.—Water comprises about two-thirds the body weight. It is necessary for all of the body fluids and secretions, and it is a part of every cell in the body; it holds the food elements in solution until they are deposited where they are needed, and carries away waste products.

About two and one-half quarts of water are eliminated normally from the lungs, kidneys, skin and intestines daily, and we must supply this loss. The normal should take from four to eight glasses a day, in addition to that which is taken in the food. Children's bodies have a higher percentage of water than adults', so they need more water in proportion to their weight than do adults.

It is a good practice to have regular times for water drinking, say one or two glasses before breakfast (this can be taken moderately hot if liked) and one or two between meals. Children should always have some between meals, and especially during hot weather.

Yes, water drinking at meals is all right, E., unless excessive amounts are taken, and unless it is used to wash the foods down. Ice water and other ice drinks are permissible in moderation; these should be taken slowly, for if taken too rapidly and in too large amounts, they may cause severe intestinal disturbances, both in children and in adults.

Needless to say, all water must be pure.

Tomorrow: Answers to correspondents.

Editor's Note: Dr. Peters cannot diagnose nor give personal advice. Your questions, if of general interest, will be answered in the column. Requests for articles must be accompanied by a fully self-addressed, stamped envelope and two cents in coin for each article to cover cost of printing and handling. For the pamphlet on reducing and gaining, ten cents in coin with fully a. s. e. must be enclosed. Address Dr. Peters in care of this paper.

A GOOD STYLE FOR A SUMMER DRESS.

6231. Cotton broadcloth was chosen for this model, with striped percale for trimming. It is also effective in plaid, gingham or printed linen; or in silk and wool jersey, as well as in cotton or wool crepe. In blue crepe with trimming of red crepe—it is nice. The long waist portion of the front is joined to a plaited skirt section. The belt covers this joining and holds the fullness of the back. The closing is at the center of the plastron, which meets a girlish collar. Very short sleeve extensions are combined in the front and back of this comfortable style.

The pattern is cut in 4 sizes; 6, 8, 10 and 12 years. To make the dress for a 12-year size as illustrated in the large view will require 3 1/4 yards of 27-inch material together with 5-8 yard of contrasting material for facing on collar, plastron and belt. To finish with bias binding will require 2 3/8 yards.

Pattern mailed to any address on receipt of 10c in silver or stamps. Send 12c in silver or stamps for our up-to-date fall and winter 1918-1920 book of fashions.

Address all orders to Beauty Fashion Department, care The Atlanta Constitution, Atlanta, Ga.

AMOR SKIN

AMOR SKIN—Europe's Scientific Beauty Discovery obeys the necessity of many creams and lotions.

Which would you have, Milady, beauty for the moment or beauty for all time? Would you rather hide the tell-tale marks of passing years beneath temporary artifices, or let Nature, herself, permanently eradicate lines, sagging skin and sallowness? If it is the restoration or preservation of beauty that you seek, you need but one preparation—Amor Skin.

Amor Skin, a discovery by German scientists, frees you from hours at your dressing table and the ever-mounting cost of various creams, lotions, astringents, powders and other cosmetics. It is an organic preparation that penetrates beneath the outer skin of face, neck and hands and revivifies or strengthens the underlying cells that form the real foundation of beauty.

While you sleep, this wonderful preparation quietly strengthens the cells to withstand the rigors of a rush-about age or to restore the youthful contours.

Amor Skin is packaged and sealed in Germany and imported to this country only by Amor Skin Corporation, Steinway Hall, 111-113 W. 57th St., New York

"I warn every woman
I employ"

Says the woman Personnel Manager in a large office

Realization of this unconscious offense distresses many women. Now such offense is unnecessary. This remarkable sanitary pad deodorizes* completely.

In the world of business, in society, women often find themselves embarrassed at certain times. Sometimes they offend without knowing why. When they learn, miserable self-consciousness follows. Make-shift efforts to counteract the difficulty seldom succeed. Now a discovery made in Kotex Laboratories ends all these fears and worries. Science has discovered a way to counteract a serious offense.

Kotex now deodorizes* completely. Kotex has brought a new idea of feminine hygiene to women all over the world. In the past ten years they have learned new comfort, new ease-of-mind through this sanitary protection. Now, after years of work, a process has been perfected that completely ends all fears. The one remaining

hygienic problem in connection with sanitary pads is solved.

Shaped to fit, too. Because corners of the pad are rounded and tapered it may be worn without evidence under the most clinging gown. There is none of that conspicuous bulkiness so often associated with old-fashioned methods. And you can adjust the filler, make it thinner, thicker, narrower—to suit your own special needs. It is easily disposed of, no laundering is necessary. A new process makes it softer than ever before.

Buy a box today—45c for a box of twelve. On sale at all drug, dry goods and department stores; also through vending cabinets, in rest-rooms.

*Kotex is the only sanitary pad that deodorizes by a patented process. (Patent No. 1,670,587, issued May 22, 1928.)

KOTEX
The New Sanitary Pad which deodorizes

Deodorizes . . . and 4 other important features:

- 1—Softer gause ends chafing; pleated fillet absorbs all odor without substance.
- 2—Corners are rounded and tapered; no evidence of sanitary protection under any gown.
- 3—Deodorizes—safely, thoroughly, by a new and exclusive patented process.
- 4—Adjust it to your needs; filler may be made thinner, thicker, narrower as required; and
- 5—It is easily disposed of; no unpleasant laundry.

THE GUMPS—FELINE EMERGES FROM SACK

The Taming of Elizabeth

By WINIFRED BOGGS

SYNOPSIS.

The young Elizabeth is the adored daughter of Tim and Elizabeth Darcy. When she is four years old she runs away from home to avoid punishment for getting into mischief. She is brought home promptly by a neighbor, Miss Sully.

At 12 Elizabeth runs away again, this time from school, and to the home of her Aunt Dolly in London. Dolly, who is almost as flighty as the young Elizabeth, sympathizes with her niece, much to the irritation of her stepson, Stephen. After the death of her parents, Elizabeth goes to live with her aunt. During the war they keep themselves busy and amused by performing in amateur theatricals for the benefit of wounded soldiers. Stephen, home on leave, is asked by his stepmother to bring Mark Lemon, a young playwright, to one of their performances. Shortly after the end of the war Mrs. Watling dies suddenly in Brighton, and Elizabeth learns to her consternation that her aunt had frittered away the money left by her husband, and had also disposed of some of Stephen's inheritance as a result. Elizabeth decides to go to Mark Lemon in London and ask him to get her a job on the stage. Stephen finds her with Mark and, although his business has failed, he offers to help her. She refuses his help and advice, and takes a part in Mark's new play. On the opening night she gets stage fright and runs off, leaving an undelivered letter to her aunt. Elizabeth, who happens to be in London visiting her cousin, Mrs. White, sees Elizabeth on the street and takes her to Mrs. White's home. The latter offers her a job as a companion to an old lady in the country. Julian, Stephen's son, and a young nephew, makes all the arrangements with Elizabeth. Stephen arranges with his cousin, William Watling, to take over the management of the latter's business.

INSTALLMENT XXVI. MRS. VESINGTON.

Elizabeth looked to Maudy Hollow with a light heart. To her all life was an adventure, each move a fresh excitement and prospective joy. It was all huge fun in the best of all possible worlds.

"How lucky to be getting away from London just as it's getting too hot and stale," she thought, "but then I am lucky—except, of course, in having Stephen for a guardian. He gets worse instead of better. I'm going to love Maud Grange—it sounds ideal—and Mrs. Vesington. After all, you can't go by relations, they're bound to grab each other, and probably I'll find Vesington doesn't get on with her because of it. I darsay she talks to him about his habits; any one can see he takes too much. I shouldn't wonder if she's the most darling old lady really and spoils me awfully. I hope the country is lovely, and we get lots of walks and motor runs, and that there are dogs and kittens and puppies. I hope the neighbors are jolly and that there'll be lots of tennis, dancing and picnics. Other have to pay for a holiday and to have all these jolly things, but I'm just going to be paid to enjoy myself and get away from Stephen and his fussy ways! I believe I have been born under a lucky star, as they say."

Some 20 miles before they reached Maudy Hollow her face fell a little. What a great grim countryside, just miles of flat marsh land, almost totally uninhabited as far as she could see. Of course, it would change ere she reached her destination, but it did not change; it grew even more desolate. Still the Grange was 12 miles from the junction of Maudy Hollow, probably set in some beautiful smiling valley, right away from this depressing desolation.

After all, nobody would choose to live in such surroundings as these, she told herself, "and Mrs. Vesington can choose because she is rich." She gathered up her belongings and leaped lightly on the platform, looking eagerly around for the ideal old lady, and met the eyes of a tall, severe, bony looking old woman with a harsh, disagreeable face. The eyes seemed to probe into her soul; the grim face grew more grim, and Elizabeth almost bolted back into the train.

O, she could not live with that bony old lady. She was positively alarming. No wonder Mr. Vesington had tried to dissuade her. She went to meet her—the ideal of her dreams. If only this and not the other might have been her employer. "But I suppose that would be quite too good to be true!" she thought.

The dainty, tiny little creature was upon her, was looking at her with bright blue eyes, with pinkly flushed cheeks, with open mouth. "Miss Darcy!" she exclaimed, holding out tiny, clawlike hands and grasping Elizabeth's slim fingers, brushing past the grim old woman as if she was not there.

The grim old lady turned with a

scowl, looked at the picture before her, dainty old age and radiant youth, with fierce resentment. "So it will go on, Angela! Another little fool to be sucked dry!"

Mrs. Vesington frowned at the disagreeable old thing, but seemingly far from pleased to see her, "I thought you lived in London, Ruth?"

"So do," snapped the old lady. Elizabeth had designated "fartar" in her own mind, "but I still come from time to time to stay in the neighborhood." She broke into a harsh laugh. "Outside the walls, not in, thank God!"

Elizabeth was not surprised at the sudden hardening of Mrs. Vesington's face nor that she should simply turn her back on the nasty old creature who was seemingly not only spiteful but even a little mad.

"Your luggage my dear?" she said to her companion. "The car is waiting outside."

So there was a jolly car as she had supposed. What a soft voice the old lady had, sleek and almost like a purr. The sort of voice a cat would have if it could speak, she thought. She smiled down on her admiringly. "What a picture you are!" burst from her. "You ought to be painted and hung!"

The other old lady turned her grim face. "So she ought especially the latter," she said viciously, "the sooner the better."

"Is she mad, that horrid old woman?" whispered Elizabeth.

Mrs. Vesington shrugged her shoulders. "O, she was always queer and very spiteful about me," she returned indifferently.

"Spitful! Yes, such a woman would be," agreed Elizabeth, looking at the contrast between the two, "jealousy, I expect."

"Possibly, but really it does not matter. I do not concern myself with such things. She is my sister-in-law, as a matter of fact, and sometimes sisters-in-law—"

"O, yes, some of them hate you marrying their brothers, don't they?" She was glad the horrid old thing had moved away. "And relations—well, they'll say anything. But I thought your nephew very nice."

Mrs. Vesington gave her a sharp glance. "O, Julian—one of the well meaning fools—a straw blowing in the wind. In this world you're got to grab first or go under, and Julian will never understand that. Besides he's going the same way as his father."

Her keen, bright eyes were taking Elizabeth, sparkling with satisfaction. "How pretty you are, my dear, how fresh, how young and vital!"

There was something almost glowing in her voice, and again a wild envy, "I can't stand any more, any more," she said. "I've had to send the last two away. One actually tried to injure in a nervous breakdown! Impudence! Taking me for a free nursing home!"

There was such scorn and resentment in her voice that Elizabeth was glad of her own health and strength. "I've never been ill in my life," she boasted, "and I don't know what nerves mean."

"Then you won't get fancying the place doesn't suit you like those others, and after feeding them like fighting cocks. I give the best and I expect the best; surely that is fair?"

"Of course it's fair!" agreed Elizabeth. So she was to be spoiled and indulged just as she had supposed. She spoke her thoughts aloud, "You're just like a fairy godmother."

Mrs. Vesington seemed pleased. "That is just what I mean to be. After all, I shall have practically nobody but you, and you, I understand, nobody but me?"

"You have your nephew; he seemed very kind."

"Kind? What is kindness? Weakness. Just following the line of least resistance. Give me the man who has strength enough to be unkind and get what he wants."

Elizabeth laughed. "You would like Stephen then," she said. "He is iron and steel and strong, hard things, and always horribly unkind."

"What is this Stephen of yours?" Mrs. Vesington did not seem pleased. "I distinctly understood from Julian you had no relations in the world. A fiancé?"

"Good gracious, no! What a horrible idea—besides, it would be impossible ever to think of Stephen being that to any one somehow; he's too stiff necked!"

She explained the connection, adding, "We can't stand each other at any price."

"He won't want to run down to see you?"

"O, dear me, no; he's only too thankful to get me off his hands, and would be delighted to think he would never see me again. He said I was lucky to get this post and I must stick to it."

"He seems a sensible man."

THEATER REVIEWS

First All-Talking Picture Thrills Rialto Audiences

Thrilling capacity crowds with the spectacle of a motion picture that speaks and talks from beginning to end, "Lights of New York," the first 300 cent all-talking picture, opened Monday at the Rialto theater for what promises to be a long run. Popular favor was unanimously and fervently acclaimed those shadowy characters of the silver sheet who spoke throughout the film much as if they were on the stage in person before the audiences held spellbound by the sheer immensity of the thing. There have been several feature "talkies" before, but none of them have ever approached the bigness of "Lights of New York," which transcends every sound effort the screen has produced, and in this respect, audiences were of the same mind as the reviewer.

The exigencies of today make the old story of the country boy longing for the opportunities to get ahead presented in the big city seem fresh and new. The country boy and his pal, a barber, are hoodwinked into buying an interest in a shop just off Broadway.

When too late, they find their place is a blind for hoodlums. Ashamed to go back home and face the folks, they stick to become enmeshed in tragedy and stand in danger of their lives. In the working out of the story, one is whisked from the country town to the glitter and turmoil of Broadway.

There is the illuminated street with its great crowds, the swarms of people entering the subway, the attractive looking theaters and the motley mob of people hurrying no one knows where. There is a flash of the water front, the bark of a gun and when one gets back to Broadway, the newsboys are crying out the latest tidings of the murder of a policeman by some run runners.

There is the country girl working in a fashionable night club, and this gives a great chance for showing, through Vitaphone, the entertainment

given in these places. This is one of the best things for which Vitaphone is responsible.

There is a bit of tragedy in the barber shop and an anxious few moments as the innocents try to cover up. Of course, everything is made clear in the end, and one is glad by the fact that the young people are going right back to the country and happiness.

To adequately present such a picture, an unusual cast was necessary and this it has. Helene Costello, as the country girl working in the club, and the chorus of the night club, gives an extremely good performance. Cullen Landis is the youngster from the small town, and Mary Carr is his mother.

On the accompanying bill of Vitaphone vaudeville features, are "The Reviewers," Victor recording artist, and Hugh Herbert in "The Prediction."

EVISTON-NAPIER PLAYERS PLEASE IN FINE COMEDY

Recognizing a demand in Atlanta for musical comedies that are actually musical and comic, the Eviston-Napier company brings to the stage of the Capitol this week the popular hit, "Linger Longer Letty." Written by Anne Nichols, who also turned out "Abie's Irish Rose," this entertaining farce contains all the lightness and fun that is essential in a successful summer production.

Probably the most favorable comment to be made about "Linger Longer Letty" is that after playing several years on Broadway, and spending several months touring the country with a major part of its footwork, the play is still as fresh and as entertaining as the day it was first produced.

Faye Hammond takes the lead in the production, and does some excellent work as a comedian. Evelyn Napier in the title feminine role plays a difficult "double" part equally well. Several show bits of footwork are presented by George Uhler, Janet Kelly, William Ashby and Ed. Long. Uhler is a newcomer to the Capitol company, and puts on a snappy tap dance to introduce himself.

Percy Marmont and Mae Busch are starred in "Francisco Nights," the current film attraction, which seeks to picture the old-time slum life of San Francisco in early "Barber's Coast."

MODERN MARRIAGE STORY PRESENTED AT METROPOLITAN

Modern marriage at its best—or worst, according to how you see it, is portrayed in the current film vehicle at the Metropolitan theater, "Man-Made Women," which opened Monday at Manager Charles Fox's popular Vitaphone-Metropolitan playhouse.

SEVEN JOY GIRLS PLEASE AUDIENCES AT LOEW'S GRAND

The Seven Joy Girls, musicians and singers, and Sid Lewis, "nut" comedian, share first honors with Billy Taylor and company, the headline attraction on the new bill of vaudeville, which opened Monday at Loew's Grand theater. These three outstanding acts and two other turns round out a diverting bill.

Billy Taylor is a musical comedy comedian and appears in a miniature musical comedy entitled "I'm the Guy." The act is in three scenes and in the Taylor support are a sister team and two other players. The sisters sing one number and play ukuleles.

Most of the fun on the program is produced by Sid Lewis. He works hard and springs some rather original material. He is assisted by a "plant" in the audience who comes up on the stage and sings one pretty musical number.

The Joy Girls offer an orchestra that plays some pretty song numbers. The girls are versatile and each one plays a variety of instruments. They also offer some singing along with the orchestra.

Mason and Gwynne are black-face artists and provide some of the comedy found on the program. They are assisted by a "plant" in the audience who comes up on the stage and sings one pretty musical number.

The opening act is a hand-balancing novelty created by the Pauley Brothers. They perform several difficult feats which evoked much applause.

One of the most enjoyable parts of the program was the appearance of half a dozen tiny little tots in impromptu performances. They are contestants in a contest for the best and their antics produced much laughter.

The feature picture is "Under the Black Eagle," a literary war drama with Ralph Forbes and Marceline Day. The picture also stars "Flash," the famous dog performer, and his owner, who is a real showman.

OF OBREGON SAYS

Mexico City, July 30.—(P)—Jose de Leon, mayor of General Alvaro Obregon, was incited to his crime by a belief that he could by killing the president-elect solve the serious problems of Mexico, police declared in a formal statement today.

That belief was fostered by a Catholic priest, Concepcion Azevedo, and a man named Manuel Trejo, who fled after the assassination, the statement said. The nun is alleged to have assisted in the execution of Obregon, and the priest is alleged to have been the one who suggested the killing.

Others Not Named, are also declared to have worked Obregon's mind by suggestion into a religious frenzy that made him believe that the killing was necessary.

The youthful assassin, in a confession to newspapermen today, asserted that no one else was responsible and that he was not a fanatic.

English Cotton Market Weekly Export Review

Manchester, England, July 24.—(By Mail).—Lengthy reference to the cotton industry was made in a recent speech by W. E. Thompson, the president of the Manchester Chamber of Commerce. He appealed to the leaders of the cotton industry to face the facts and work together to get back lost trade. He said that financial reorganization must be achieved in the American spinning section and combination and amalgamation appeared to be the only way to do it. In the manufacturing section he will turn out to rest in a partial pledging of the present to make the future secure. All sections should be assembled together. His profound conviction was that by cooperation, joint effort and sectional sacrifices for the common good Lancashire would eventually regain her lost trade.

Since a week ago there has not been the slightest indication of increased activity in the Manchester market, and it would almost be impossible for the tone to be flatter. The expectation of lower values has been more or less confirmed by a development in the near future.

Production throughout the industry is now the market is about 70 per cent of normal capacity.

The depression in the American spinning section remains acute. The total output is steadily decreasing owing to mills being compelled to close down. The requirements of home users and exporters at the moment are very limited.

There is scarcely any feature of a cheerful nature in the trade outlook. In due course prices will become more attractive and business will probably expand but there are very few indications of a development in the near future.

HIGH LIGHTS OF HISTORY

Registered U. S. Patent Office.

ATTACKED ON THREE SIDES BY SWARMS OF MOUNTED SIOUX UNDER CHIEF GALL AND CRAZY HORSE, GEN. CUSTER HURRIEDLY DISMOUNTED HIS MEN, SENT HIS HORSES TO THE REAR, AND FORMED A BATTLE LINE. CALHOUN'S TROOP HELD THE LEFT, THEN CAME KEOGH'S, SMITH'S AND YATES', WITH TOM CUSTER'S ON THE RIGHT.

THE HOSTILES CHARGED FURIOUSLY, USING THEIR PONIES AS SHIELDS, THE SIOUX SHOOTING RAPIDLY FROM THE FRONT OF THE LINE. SHOOTING RAPIDLY AND VELLING LIKE FIENDS, CALHOUN'S AND KEOGH'S HORSES STAMPEDED AND WERE LOST AT THE FIRST BURST OF FIRING.

Custer's Last Campaign—Part VIII.

Hemmed in by the Sioux.

by J. CARROLL MANSFIELD

THE ASSAILANTS WERE SO NUMEROUS THAT CUSTER COULD NOT ADVANCE, AND DARED NOT RETREAT. ALL HE COULD DO WAS TO STAND AND FIGHT, AND HOPE THAT RENO AND BENTEN WOULD HEAR THE NOISE OF BATTLE AND RIDE TO HIS RESCUE.

SITTING BULL, THE GREAT MEDICINE MAN, TOOK NO PART IN THE ATTACK. IN HIS TEEPEE IN THE SIOUX VILLAGE ON THE BANK OF THE LITTLE BIG HORN, HE CROUCHED BEFORE HIS PRIMITIVE ALTAR AND, WITH CHARMS AND INCANTATIONS, CALLED UPON THE GREAT SPIRIT TO BRING VICTORY TO HIS BRAVES AND MAKE THEM INVULNERABLE TO THE BULLETS OF THE PALEFACE "LONGWORDS".
